

K-Love radio is the only Christian music station in my area. Their format is one that I can trust to be honest, moral and truthful. If K-Love were to be displaced by another LPFM broadcaster it would be a devastating loss for the community I live in. The broadcasters of K-Love provide a service that can not be matched by any other station in my listening area. With a spiritually and morally sound format, K-Love is the only station I care to listen to. They offer answers to real life problems.
